

Alpine Combi Satellite

Refrigerated & Frozen Food Merchandiser

The innovative Combi Satellite design features next generation air flow architecture. Dispense refrigerated **AND** frozen foods from the same machine using a common delivery fall space.

- **Two machines in one.** Refrigerated foods from the top ice cream and other frozen foods from the bottom
- **Sell more in less space** - Only 22" wide
- **Glass front design** reduces shopping and provides always full appearance
- **LED lighting** enhances product presentation, requires no service for minimum of **5 years** and reduces lighting energy costs by **73%** over fluorescent equipped models
- **Convertible in the field** to fully refrigerated or fully frozen
- **USD connectivity**
- **2 year warranty**

Part of our full line
of products & services.

Alpine Combi Satellite

Glass Front Snack Merchandiser

Sample Configuration

Two Separate Food Zones
Vend refrigerated foods from the top zone at 36°F and frozen desserts at -15°F from the bottom.

Combi Satellite
Shown with SC100 satellite controller.

COLD ZONE
FRESH FOOD
36°F

AIR FLOW BARRIER

-15°F
ICE CREAM
FROZEN FOODS
FROZEN ZONE

LED Lighting

Enhances product presentation promoting more sales. No bulb servicing for 5 years. Energy efficient and eco-friendly.

Glass Front Merchandising

Promotes always full appearance, reduces "shopping" and facilitates proper product rotation.

iVend Guaranteed Delivery System

Keeps customers satisfied and reduces service calls for misloaded product.

High Efficiency Modular Refrigeration System

No need to hire a technician. Removes easily from the rear for off site cleaning and service.

On-board USD Refrigeration Control

Eliminates melt downs due to host control interruption. Displays zone temperatures and messages.

Quality Construction

Fully welded seams and internal bracing make for a solid long-term investment.
